PUBLIC PARK MATTER

Court House Lawn to be Converted Into Resort for Residents and Visitors

TO BEGIN WORK AT ONCE

Happy Solution of Question of Caring For Summer Excursionists Reached by the County and City Authorities.

At last the matter of some public comforts and conveniences for Summer excursionists and, incidentally, the question of a public park for Wilmington residents, has reached a happy solution through the kindly offices of the county, city, business men's committee and the Consolidated Railways, Light and Power Co. It has been decided to further improve, extend and beautify the grounds, just south of the Court House building, and dedicate the park to the use of the public, both resident and transient. While it will be essentially a "County Park" and will probably bear that name, the city will use its appropriation of $250 toward extending and furnishing the grounds and the Consolidated Railways, Light and Power Company will provide all the necessary lights to make it as attractive as possible at night. The proposed erection of a temporary structure on the Murchison and Rehder lots on North Front street, has been abandoned for the adoption of the broader and better plan of a permanent resort for both the resident and transient population. The work of the improvement and furnishing the grounds and wiring them for electric lights will begin at once.

The solution of the problem of a place for the excursionists was reached yesterday at a conference of Chairman McEachern and members of the Board of County Commissioners; Mayor Waddell, Chairman O'Brien, of the Street and Wharves Committee, of the city; members of the Public Building Committee of the Board of Aldermen; Chairman W. A. French, Jr., and Messrs. L. B. Rogers and W. E. Perdew, of the Merchants' Association and Chamber of Commerce Committee.

The improvements will be made under the direction of Chairman H. L. Vollers, of the Public Building Committee of the Board of County Commissioners. The brick wall at the rear of the present grounds, which are beautifully laid out and planted with flowers, will be torn away and the area of the park extended back even with the Court House building, nearly through the entire block and taking up all of the rear of the jail yard. The approach to the grounds will be down the iron steps, just south of the building, from Third street. An archway, painted with an appropriate greeting of welcome, will stand over the entrance and every comfort and convenience will be afforded on the inside. The concrete floored piazza on the south side of the Court House building will be a "shelter in time of storm." Rustic settees will be placed at convenient stations around the brick wall and picket fence around the enclosure, while in the rear are a number of shade trees, making a delightful retreat in warm weather. Janitor Ed. George, at the Court House, who already has the grounds in a high state of improvement, will be in charge and the nearness of the police station will at all times ensure the suppression of any disorder or misconduct on the premises.

Only a few months ago, with an appropriation of less than $50, Commissioner Vollers, of the Public Building Committee of the county, made wonderful improvements upon the premises now to be used as a park, and and still greater things may be expected from a judicious use of the $250 appropriated by the Aldermen and concurred in by the Board of Audit and Finance Tuesday night. The County Commissioners, aside from giving the site, have also manifested a lively interest in the enterprise and will co-operate with the other bodies in making and keeping the grounds a Wilmington spot beautiful. The happy solution of a problem so long unsolved will be welcome news to the public.

Bad Negro Headed This Way.

The local police have been asked to look out for and arrest Isaac Farrow, who shot and painfully wounded Policeman R. P. Montague, of Newbern, Thursday night and for whom a reward of $50 is offered. The officer had gone in a house to arrest Farrow and saw him seated on a bed. The policeman started to approach the negro but at that instant some one blew out the lamp in the room and the negro fired. Farrow is said to be a Wilmington negro and headed this way. He had been working on a lumber road being built near Newbern.

Bad Fire Narrowly Averted.

The residence of Mr. A. S. Holden, No. 215 South Front street, came near being badly damaged, if not totally destroyed, by fire early Thursday night. While members of the household were away from home, a lamp left burning in the main hallway exploded and saturated the carpet below with burning oil. A lady in the same neighborhood observed the glare of the light in the passage and secured aid in putting out the flames before any great damage was done.

AT THE SEASHORE HOTEL

Formal Opening Last Night Was Attended by Many—Dance a Brilliant Feature.

The formal opening of the Seashore Hotel at Wrightsville Beach last night was a brilliant affair indeed, and was attended by a large number of young people, including guests of the hotel, residents of the beach and sound and not a few from the city. Dancing in the elegant ball room of the hotel began about 9 o'clock, and it was well nigh midnight when the last of the dancers reluctantly left the scene of so much gaiety. The orchestra at the Seashore this season, under the capable direction of Prof. Weber, is the best that Manager Hinton has ever been able to secure, and the excellency of the music was the subject of frequent remark by the dancers last night. More than a hundred couples were on the floor at one time during the evening while hundreds, despite the rather low temperature, thronged the broad verandas of Wrightsville's famous hostelry. Two extra cars of the Consolidated Company had to be sent down late in the night to accommodate the large crowds attracted to the hotel by the opening event, and desiring to return to the city after the dance.

There are already about sixty guests at the Seashore and a number of others are expected down to-day. Manager Hinton has never had a more successful opening and everything augurs brightly for the remainder of the season. A large number of inquiries for rates and accommodations are coming in daily, the popularity of the hotel extending into several of the leading Southern States.

The regular weekly dance at the Seashore, the first of a series to be given at each week's end during the season, will take place to-night. Beach and sound residents and the young people of the city are cordially invited by the management to be present.

THE COUNTY JAIL-BREAKERS.

Three of Them Returned From Brunswick—Warrants for Nine.

Sheriff Stedman and party reached the city yesterday morning with Louis Brooks and the two other escaped jail birds captured in lower Brunswick county the morning before, as detailed in these columns yesterday. The prisoners were at once committed to jail. It was a frequent remark yesterday that if the three negro crap shooters still at large would remain away, it would be a good riddance for the community. However, the Sheriff is making every effort to recapture them, and is certain that they cannot resist much longer the latent desire to once more return to their haunts in Dross Neck.

Yesterday warrants were sworn out in Justice Forlong's court against each of the nine prisoners who escaped, each of them being charged with jail-breaking which is a misdemeanor under the law punishable by a maximum sentence of two years on the roads. The negroes will be given preliminary trial before Justice Furlong early next week. One of the number is "Jimmy" Burns, the negro money order forger, wanted in the United States Court. He will probably be returned to the State Court after the Federal authorities are through with him.

IMPORTANT PUBLIC NOTICE.

Fourth Street Paving—Sewers—Street Car Speed—Special Badges.

Elsewhere in to-day's Star will be found several important notices to the public by Mayor A. M. Waddell. One is to the effect that all property holders on Fourth st., north of the railroad bridge, must put down sewer or other pipe in or across the street, before the paving of the same, as the paving will not be torn up for that purpose after it is laid.

Notice is also given that all sewer pipes owned by corporations or individuals must be flushed regularly and kept clear, under penalty of being declared a nuisance.

Notice is further given that the maximum rate of speed for street cars in the city is only 10 miles per hour according to the city ordinances. It is the purpose of the authorities to enforce the law in the future.

All persons holding special police badges are required to deliver them at once to the Chief of Police, or at the City Hall. Anyone found in possession of such a badge after June 20th will be arrested.

Pilot Boat "Calypso."

The Cape Fear pilot boat "Calypso," recently brought here from the North, is just off the ways where she underwent a thorough overhauling. The bottom of the boat was sheathed with copper and 80 inches were added to her keel. She was made deeper so that she now draws 6 1-2 feet of water. Captain J. A. Williams and five or six other licensed pilots will be in charge of the "Calypso." She will take up her station at Southport and begin cruising early next week. She is now here for government inspection, Inspectors Rice and Borden having already arrived.

Fourth of July Fireworks.

Arrangements were completed yesterday by the Consolidated Company for a magnificent display of fireworks at "Lumina," the new pavilion on Wrightsville Beach, for the night of July 4th. The company has contracted for a $700 display, which the public is assured will be one of the finest ever given here. The Fourth of July attartctions at the beach this year will be many and varied.

COUNTY'S FINANCES

Auditing Committee of Board of Commissioners in Session Yesterday Afternoon

USUAL ROUTINE BUSINESS

Treasurer's Statement, Showing Receipts and Disbursements During May and Balance on Hand to Credit of Several Funds.

The Auditing Committee of the Board of County Commissioners was in session yesterday afternoon, the regular meeting having been postponed from Thursday on account of a press of other business, including a canvass of the returns from the bond election and a revision of the jury list. Those present yesterday afternoon were Chairman D. McEachern and Commissioners H. L. Vollers and Wm. F. Robertson. The usual bills for current expenses were examined and passed upon and a number of financial matters were informally discussed.

Two Court House bonds of $500 each, of the twenty of the same denomination, due in 1907, and recently called in by the Board, were burned, the value of same having been paid.

The monthly report of County Treasurer H. McL. Green showing receipts and disbursement during the month of May and the balance on hand June 1st, to the credit of the several funds, was audited and approved as follows:

Receipts—Balance on hand May 1st: General County Fund, $22,578.50; Special County Fund, $3,498.90; New Hanover Road Fund, $7,428.07; Road Sinking Fund, $7,685.93; back taxes, $140.42; rents, $24.75; County Home, $41.46; sale of dynamite, $1.20; marriage licenses, $22.80; jury tax, $9. Total, $41,431.03.

Disbursements — Superior Court, $491.34; outdoor poor, $444.24; jail, $143; hospital, $600; County Home, $356.78; roads and bridges, $155.68; tax listing, $6; stationery and advertising, $5.45; public buildings, $126.55; magistrates, $36.99; election, $1; commissioners, $140; Register of Deeds, $32.60; Superintendent of Health, $100; Coroner, $44; Constable, $28.87; Clerk, $50; janitor, $45; Treasurer's Commissions, $38.07. Total, $2,845.57; Count House bonds, $1,023.90; New Hanover roads, $1,209.08. Grand total, $5,078.55.

The balance to June account was $36,352.48, which is credited to the several funds as follows: General Fund, $19,971.56; Special County Fund, $2,475; New Hanover Road fund, $6,220.19; Road Sinking Fund, $7,685.93. Total, $36,352.48.

THE NEW TARRYMOORE.

Brilliant Opening at Wrightsville Beach Hotel To-Night.

The splendid new Tarrymoore Hotel on Wrightsville Beach will have its formal opening to-night and the affair promises to be a brilliant one, attracting hundreds of young people to the scene of gaiety. The hotel is rapidly filling with guests and many of them will take part in the dance to-night, which will be the leading feature of the opening. The music will be by the splendid hotel orchestra led by Prof. Hall, and the ball room will be ablaze with lights and bright costumes. The public is invited to come and see the new hotel and the young people will be given the courtesies of the ball room floor. The dance will begin at 9:30 o'clock and continue until midnight, when the last car will leave the beach. The new hotel is rapidly coming into popular favor and the people of Wilmington should take pride in it.

Pythian Grand Lodge Meeting.

Grand Chancellor Robertson, State Deputy Grand Chancellor J. D. Nutt, Col. Walker Taylor, chairman of the Judiciary Committee; Supreme Master of Exchequer T. D. Meares, Representatives W. C. Smith, G. F. Seltter, W. O. Page and other Wilmington Pythians of "high degree" will leave the first of next week to attend the Grand Lodge, Knights of Pythians, in Charlotte. The meeting this year promises to be a very interesting one. The order under the administration of Grand Chancellor Robertson has made phenomenal strides, and all reports will show a substantial increase materially and in interest. The administration has been marked by intelligence and agressiveness.

Tumbled Into Excavation.

While returning from the country where they had been in search of some of the escaped prisoners from the county jail yesterday morning about 4 o'clock, Deputy Sheriff W. H. Cox and Special Deputy Henry Peterson had a narrow escape from serious injury. The buggy in which they were driving in the darkness tumbled into an open excavation on Castle, between Sixth and Seventh streets. Policeman G. R. Holt and others assisted the officers in getting the buggy out of the hole. Deputy Cox lost something over $4 in change from his pocket and the cylinder out of a fine revolver which he carried.

WILMINGTON GUN CLUB.

Scores Made at Regular Weekly Shoot Yesterday Afternoon.

Some very good scores were made yesterday afternoon in the regular weekly shoot of the Wilmington Gun Club at the traps near Delgado. The official record for the two events is as follows:

Bellamy, R. H.	18	16
Howell	17	15
Bellamy, M.	7	4
Russell	14	14
Ahrens	14	11
Sanders	21	18
Mercer, W. T.	7	17

Holmes	17	13
Boylan	14	14
Davis	11	
King, J. C.	17	
Loder, J. B.	18	
Williams	10	
Emple	8	

Mr. Holmes in the third, twenty-five made a record of 12. In a series of doubles, two targets thrown at the same time, Capps broke 12 out of 12 pair; King, 14 out of 12 pair, and Hergenrother, 12 out of 12 pair.

Cotton and Naval Stores.

Under the stimulus of high prices all naval store receipts for the week, as appear from the stock report posted by the Chamber of Commerce yesterday, were heavy. An even 1,000 casks of spirits were received—the heaviest of any week in recent years. Receipts of rosin were 4,497 barrels against only 1,176 same week last season. Crop year receipts of all naval stores are ahead of those up to a corresponding period last season. Cotton receipts the past week were 5,313 bales against only 117 bales same week last year. Crop year receipts are about 35,000 bales ahead of last season thus far.

Truck Hand Broke Leg.

John McCormick, colored, 22 years old, suffered a fracture of the leg at the A. C. L. freight warehouses where he was employed yesterday afternoon in trucking some spikes from a bin in the house to the supply car on the sidetracks. A skid between two cars over which the negro was trucking slipped and he was thrown to the ground below. A keg of the spikes fell on the negro's leg breaking it. Drs. Thomas and Wessell sent the negro to the James Walker Memorial Hospital.

Special Trial Offer
THE MORNING STAR
At Reduced Rates
To New Subscribers
For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:
FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00
Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.
This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.
No name will be entered on our books under this offer unless the order is accompanied with the cash.
While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.
On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.
Sample copies mailed free to any address.
Note the conditions of this offer carefully to avoid mistakes.

WILMINGTON, N. C.

Saturday Morning, June 10.

BUILDING UP OF FOREIGN TRADE.

The policy of the Republican party has built up a great home market and has compelled us to live off each other, but it seems that the question of foreign markets for our manufactures has not been thought of in the narrow-minded determination to tax foreign trade to such an extent that we have comparatively little trade interests in common with any country.

Take for instance the South American and Central American trade, practically monopolized by European countries and little developed by the political consuls whom we send down there. Nearer home is Mexico with which we ought to have a larger trade than any other country. Mexico is our next door neighbor, but we get some idea of how we neglect our opportunities there by the report of one of our consuls in Mexico. The facts set forth are as follows:

"In view of Mexico's proximity to the United States it seems strange that American machinery is not exclusively employed by all of the 14,000,000 to 15,000,000 Mexicans—mostly engaged in agriculture and mining—who have occasion to use machinery. On the contrary, they seem to prefer English and German makes, not on account of superior workmanship or cheapness, but apparently because European manufacturers are disposed to conform to their requirements. Furthermore, the Europeans extend long credits, which permit the buyers to proceed leasurely, in conformity with thes low methods employed here in every enterprise."

The total exports in 1902 from Latin America to all parts of the world amounted to the great sum of $713,384,000, and of this amount the United States took products amounting to $286,792,000 or one-third of the whole. During the same year imports into Latin American amounted to $484,660,000, of which amount the United States contributed only $114,636,000, or less than one-fourth. So we see we are the best customer of Latin American countries and buy more than twice as much from them as they take from us.

We are glad to see that the business men of the United States have been aroused to the importance of building up our foreign trade. A few days ago the Star noted that the New York Chamber of Commerce had declared for reciprocity with foreign countries, and yesterday morning the press dispatches told us that the New York Merchants' Association took similar action. The "stand pat" crowd may be convinced after all that James G. Blaine's reciprocity plan will be worth something to this country, and that they have made a mistake in abandoning it to satisfy the greed for the home market.

The Washington Post contributes this interesting editorial on "Conquering the Neutral Markets:"

"It is said that Secretary Metcalf is very much concerned about our beggarly exports of 'finished products,' and that he contemplates the call of a convention of American manufacturers to look into it. It seems that we export but 1 per cent. of our total output of 'finished products,' and the Secretary hopes to increase the quantity after a pow-wow of that class whom the late John Sherman likened to the 'robber barons of the Rhine.'

'Can it be possible that the Secretary of Commerce and Labor is ignorant of the fact that our manufacturers are perfectly satisfied with present conditions? Is he unaware that they stand pat on things just as they exist? Protected in a home market, securely intrenched therein, by a tariff that was purposely and notoriously made too high in the name of reciprocity, which reciprocity is now dead and nearly forgot, what care they for the foreign market, to gain which they would have to compete with somebody? At present they are saved the trouble, and, what is more to the purpose, they save the expense of such competition.

"No country can trade in foreign markets unless it produces as cheaply as any other country, and no country that taxes raw materials can compete with a country that has free raw materials. Now, that is fundamental, and there is not a manufacturer in the United States who does not know it. So does Congress know it; and that Congress of stand patters that is to be here next winter is the convention Secretary Metcalf should address himself to if he would promote foreign trade in our 'finished products.'

"But while our manufacturers would gladly have free raw materials, they are not going to take their feet out of the trough to get them. Besides, it raises the question, What is raw material? And the general answer may be made that what is one manufacturer's raw material is another manufacturer's finished product. Thus wool is the raw material of the man making hats in Boston, or the man making carpets in Philadelphia; but wool is the finished product of the ranchman of the San Marcus Valley of Texas or the flock master of the mountains of Montana. Put wool on the free list, and every shepherd in America will turn free trader and be voting for free hats, free woolens, free carpets, and things like those.

"The manufacturers have studied these things to a standstill. Foreign trade gives them no concern whatever, and all this talk about conquering the 'neutral markets' of the world is bosh, and very transparent bosh at that. That 1 per cent. they send out is their surplus, and it would not go out if the home market could absorb it. A convention of Roman augurs in the time of the Tarquins to discuss the credulity of the Roman people would have been just as profitable a convention as an assembly of American manufacturers in the time of the stand patters to discuss foreign markets.

"Whenever our manufacturers want to conquer the 'neutral markets of the world' they will accomplish it, and order the stand patters accordingly. At present they make more money putting their feet in the trough."

Isn't it a fact, however, that a large portion of our manufacturers—cotton manufacturers for instance—desire to develop the foreign trade? We have worked the home market for all it is worth and indications point to the fact that American manufacturers want wider markets.

THE CHINAMAN KNOWS HIS BUSINESS.

Our esteemed contemporary the Tokio Ashahi says:

"The Chinese officials who were once regarded as being pro-Russian are fast vanishing as the situation changes. They are all entertaining grateful feelings toward Japan. Diplomatically there will be some subterfuge played, but on the whole Japan will get all she wants."

In this respect the Chinese officials are like all other politicians whose greatest accomplishment is the facility and agility with which they get on the winning side.

CURRENT COMMENT.

—Sceretary Morton admits that the more he sees of politics and politicians the better he like railroading.—Washington Post.

—Maryland once gave the United States Senate a Wellington, and to even up matters has now contributed a Bonaparte to the Cabinet.—New York Herald.

—The standpatters know how it feels to have the score tied in the ninth inning, two hands out, and the pitcher depended upon to make a home run.—Washington Post.

—The death of the author of "A Fool's Errand" is merely a sign post showing how far the country has gone into the quarter of a century since that book was published. It is a happy progress towards peace and light and order.—Brooklyn Eagle.

—Mayor Weaver's curiosity as to whether the city of Philadelphia is getting the highest rates of interest for the money it has no deposit is reminding the banks that there is never any telling where a reformer is going to hit, once he gets started.—Washington Star.

—We are sorry to see that some North Carolina Aldermen are accused of graft. We thought that this was a crime that was only committed in New York, Philadelphia and Chicago. We do hope that it is a mistake that some of our home folks have become infected with the virus.—Raleigh Times.

—The small experiment which the German Government has been making is Northwest Africa as a colonizing power has thus far been very discouraging. The rebellious Herreros, though half-starved and living in a sterile and waste land, seem to have developed a remarkable fighting capacity. They are defending their sand hills with stubbon courage. Doubtless the German soldiers will manage to maintain a difficult and precarious sovereignty, but at such sacrifice of life and treasure as to make eventual victory no adequate compensation.—Philadelphia Record.

TWINKLINGS.

—Miss Romanz—You don't appear to care much for music. Don't you ever like the popular airs? Miss Hunter—No, the only popular air with me is the millionaire.—Philadelphia Press.

—Jim Jackson—I undoshstan' yo've bin givin' folks de impression dat I'm a liar. Mose Possum—Nonsense! Ahallers says yo's puffic'ly honest. Jim Jackson—Yes, but eberybody knows yo' nevah tells de trufe about nuffin'—Judge.

—Friend of the Family—You are very lucky, my boy, to be the seventh son. It will bring you everlasting fortune. Son No. 7—It hasn't so far. All it's brought yet is the old clothes of my six brothers.—Detroit Free Press.

—"Ah! proud beauty!" exclaimed little Sniffkins, "you spurn my love now, but let me tell you, I will not always be a clerk. I—" "That's so," interrupted the heartless girl, "you may lose your job."—Philadelphia Press.

—They were seated so close together on the parlor sofa that there was no room between them for an argument, when she suddenly let loose a large and soulful sigh. "What's the matter, darling?" he asked, "Oh," she replied, "I just hapepned to think that this would be our last evening together until to-morrow evening!"—London Tit-Bits.

COTTON MARKETS.

New York, June 9.—The cotton market was active and more or less excited during the entire session, with active covering and bull support, followed by heavy realizing in the later session. The opening was firm at an advance of 9@14 points following much higher cables than expected, unfavorable private crop advices, reports of firm spot markets and rumors that leading New Orleans and Liverpool interests had formed a bull combination, which were colored by private cables from Liverpool, claiming that shorts there were covering for over the three holidays and in fear of manipulation. There was considerable realizing at the initial advance in the local market and this caused some irregularities but generally speaking the market continued to advance on active New Orleans bull support and covering until in the afternoon prices showed a net gain of about 16@20 points, when New Orleans selling orders started liquidation by local longs and prices broke to about the opening figures. The close was steady in tone at a net advance of 6@11 points. Sales were estimated at 350,000 bales.

Receipts at the ports today were 15,482 bales against 17,950 last week and 2,890 last year. For the week 113,000 bales against 122,771 last week and 14,244 last year. Today's receipts at New Orleans 2,848 bales against 1,507 last year and at Houston 2,029 bales against 166 last year.

Spot cotton closed quiet 15 points higher; middling uplands, 8.70; middling gulf, 8.95. Sales 100 bales.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at R. R. Bellamy's drug store, price 50c. and $1.00 a bottle. Trial bottle free. **

MEDICAL OPINIONS OF BUFFALO LITHIA WATER

Experience "Fully Demonstrates the Value of Buffalo Lithia Water as a Solvent of Uric Acid, and a Valuable Therapeutic Agent in the Treatment of Gout."

L. H. Warner, A. M., Ph. G., M. D., Brooklyn, N. Y. In a paper entitled "The Treatment of Gout, Uric Acid Diathesis and super-induced Cystitis in the cases of two idiosyncratic Patients," gives full clinical notes of these interesting cases, and in a lecture before the recent meeting of the Alabama Medical Association showed stereopticon views of the blood and urine of these patients in different stages of improvement. He says: "My former good results from the use of BUFFALO LITHIA WATER in cases of uric due to Uric Acid Intoxication led me to suggest this agent to my patients. The use of nitrogenous foods was restricted and a full half gallon of BUFFALO LITHIA WATER per day was ordered to be taken. I was more than surprised at the amount of Uric Acid and eliminated with each urination, and three weeks from the beginning of treatment not a trace of the former cystitis existed, BUFFALO LITHIA WATER as the only medication used, we find and in four months, with an increase of 6% Hemoglobin, 200,000 red cells and a normal count of white cells, while the urine appears without any pathological factors. These cases fully demonstrate the value of BUFFALO LITHIA WATER as a solvent of Uric Acid and a valuable therapeutic agent in the treatment of Gout."

"THE MOST RELIABLE SOLVENT IN CHRONIC INFLAMMATION OF THE BLADDER AND RENAL CALCULI."

Louis C. Horn, M. D., Ph. D., *Professor of Diseases of Children and Dermatology in Baltimore University*, writes: "Having used BUFFALO LITHIA WATER in my practice in the past eight or nine years, I find it the most pleasant and most reliable solvent in Chronic Inflammation of the Bladder and Renal Calculi; also in gouty and rheumatic conditions. It is a remedy of great potency."

"UNDER A DEBT OF GRATITUDE TO THIS MOST EXCELLENT WATER FOR WONDERFUL RELIEF."

Wm. C. Wile, A.M., M.D., LL.D., *of Danbury, Conn.*, reports the following (*New England Medical Monthly*, December 15, 1905): "In a recent outbreak of Nephritic Colic in our own person, BUFFALO LITHIA WATER was speedily cut the attack, under the short, the stones quickly passed, and the debris which followed showed a thorough cleaning of the kidneys and bladder of all foreign substances. All of the reflex symptoms and sequelæ were promptly relieved, and we feel under a deep debt of gratitude to this most excellent Water for wonderful relief."

SPIRITS TURPENTINE.

—Thursday afternoon Mr. Fetzer, son of Mr. P. B. Fetzer, the electrical engineer at the Miami Mine, about nine miles South of Concord, fell fell down a shaft 70 feet deep and was only cut and bruised considerably. The reports say that he is not injured very badly.

—Police Officer R. P. Montague was shot at Newbern Wednesday night by Isaac Farrow, colored, upon whom he was attempting to serve a warrant. Montague was shot in the right shoulder and sustained painful but not serious injury. Farrow escaped arrest, but the police hope to capture him soon.

—A dispatch from Winston-Salem on Thursday says: Mr. Joe Jacobs was to-day appointed receiver for the Winston-Salem Gas and Lighting Company. The company has been operating a plant here for several years. Judge E. B. Jones, of this city, is president of the company, and Dr. R. H. Reynolds, of New York, is one of the largest stockholders.

—Raleigh News and Observer: A survey is in progress some miles west of here, a little to the northward of the Seaboard Air Line and Southern Railways, which it is said is for the electric railway between Raleigh and Durham. It has been the general belief that this road would run by way of Eagle Rock, this county, but it may go another way.

—Another effort is being made to secure a pardon for the two gold brick swindlers still remaining in the penitentiary. The third one was pardoned several years ago at the request of the Governor of Illinois. The most surprising thing about the case of these men is that the authorities have succeeded in detaining them for such a length of time.—Charlotte Observer.

—A Salisbury Dispatch on Thursday says: Mr. H. C. Grubb to-day gave to his Rowan, Davie and Davidson friends a big barbecue on his place, eight miles from this city, near the location at which he was shot. There were 150 or more present and one of the finest feasts ever attended was given. Quite the largest part of the crowd went from Salisbury, among the newspaper fraternity being Editor Jno. M. Julian and Manager G. M. Royal of The Evening Post. The affair was quiet, without speech-making—just a big dinner.

—Raleigh News and Observer, June 9th: The executive committee of the Soldiers' Home here, composed of Julian S. Carr, A. B. Andrews, B. F. Dixon and A. B. Stronach, met there and opened bids for fitting up the second story of the new domitory building in order to accommodate 40 more inmates. The contract was awarded of C. A. Pegram, of Raleigh, he being the lowest bidder. Steam heat, etc., will be provided and the rooms will be very comfortable, indeed. The committee is figuring on installing electric lights in place of the kerosene lamps which have always been in use, as it was left that this was a much needed improvement.

—Sheriff Reed, of Buncombe county, has received an invitation from the Sheriff of Madison county to assist in the execution of Peter Smith and Charley Stein, condemned to die on the gallows for criminal assault, and the date of the hanging set for Tuesday, August 1st. Sheriff Reed and one of his deputies will go to Marshall on that date to assist the Sheriff of Madison. The gallows now stored in the basement of the Buncombe county court house and on which the two Emma burglars were hanged several years ago, and which was also used in Statesville and Salisbury since that time, will again be called into service and sent to Marshall shortly before the date of execution.

—In Charlotte on Thursday Charley Lyles, a negro boy 15 years of age, was killed by the explosion of a soda water tank which was being charged at the works of the Brannon Carbonating Company. Young Lyles was standing beside the tank, watching the pressure gauge. As the gas was turned on, and the tank begun to fill, suddenly a terrible explosion occurred that was distinctly heard by a number of people standing on Independence Square. The negro was, literally hurled to the floor, his right arm was broken above the elbow, his right leg mangled, his left leg severely cut and his right side and chest fearfully bruised and torn. Several others made a narrow escape.

—Charlotte Observer: The Catawba Power Company is looking about for another water power. The demand is greater than the supply. The present plant on the Catawba will soon be taxed to the limit if business increases. It is a fact that engineers, under the leadership of Mr. W. A. Leland, are now at work surveying on the Wateree river, near Camden, S. C., with the hope of locating a suitable place to develop a power plant. The Great Falls property, located 30 miles below the present plant, on the Catawba, is being considered also. It is not known what Dr. Wiley is going to do, but he is after more power. At this time he is supplying power for Rock Hill, Fort Mill, Pineville and Charlotte, with contracts for Clover and Yorkville. The point is capable of furnishing but 10,000 horse power.

—At Raleigh on Thursday, the Secretary of State granted a charter to The Hewlet-Grantham Harness Company, of Wilson, N. C., with a paid in capital stock of $12,500. The incorporators are John D. Daws, F. W. Barnes, R. G. Briggs, Walter F. Woodard, H. G. Hewlet and R. J. Grantham and others. The object of the incorporation is to manufacture and sell harness and other leather products——The Marshall Woodworking Company, of Marshall, N. C., was chartered with a capital of $2,000 paid in, authorized $25,000. The incorporators are J. J. Redmon, W. J. McLendon, Dudley Chipley and C. B. Marshburn. The company will manufacture lumber, etc.——A charter was granted to the Graham Water and Electric Co., of Graham, Alamance county, with a capital stock of $100,000 The object of the company is to furnish water for fire, domestic and manufacturing purposes——The Washington Realty Company, of Washington, N. C., was chartered with a capital stock of $25,000, the incorporators being J. W. Oden, A. Mayo and J. A. Squires. The company will do a general real estate business.

IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—A Wilmington Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary troubles sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Wilmington people testify to permanent cures.

E. Poezolt, merchant tailor, of No. 8 South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism and her ankles would be all puffed up every morning so she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankle and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buaffio, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere, —seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

Huge Task.

It was a hugh task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach, Guaranteed by R. R. Bellamy, druggist; price 50c.

WARM WIRELETS.

The Times St. Petersburg correspondent reports that there has been severe rioting at Minsk, Russia, during which nearly 100 persons were shot.

Enrique Daguhob, leader of the insurrection movement in the island of Samar, was killed together with thirty-nine of his followers on June 4, according to advices just received at Manila.

Following an altercation in Muskogee, Indian Territory, yesterday afternoon, Colonel Thomas Marcum, a prominent attorney, was slashed in the abdomen by a negro, causing a fatal wound. Colonel Marcum is a brother of J. B. Marcum who was killed some time ago in a feud at Jackson, Ky.

Gen. A. P. Stewart, ranking living officer of the Confederate Army, is seriously ill at Borden Springs, Ala. He is the resident member of the Chickamauga Park Commission, and has had many honors shown him. He made a brilliant record during the Civil War. He is over 80 years of age. It is feared that he will not recover.

Secretary Taft has appointed General Ezera A. Carman as chairman of the Cnickamaugua Military Park Association to succeed the late General H. V. Boynton. General Carman was colonel of a New Jersey regiment during the Civil War, and was breveted a brigadier-general. For many years he was associated with General Boynton on the Park Commission. From his sick bed General Boynton wrote to Secretary Taft, requesting that General Carman be named as his successor.

ECHOES OF NAVAL BATTLE.

The Czar Thanks Rojestvensky—At Seat of War.

St. Petersburg, June 9.—4:20 P. M.—Emperor Nicholas has cabled the following message to Admiral Rojestvensky:

"From my heart I thank you and all the officers of the squadron who have honorably done their duty, for your unselfish work for Russia and for me. By the will of the Almighty success was not destined to crown your endeavors but your boundless bravery will always be a source of pride to the country.

"I wish you a speedy recovery. May God console you all.

(Signed) "Nicholas."

The peculiar wording of the message is attracting attention. The restriction of the Emperor's thanks to those honorably doing their duty is fanning the ugly talk regarding the surrender of ships and the conduct of some of the crews. The messages of Admiral Enquist and Captain Chagin of the Russian cruiser Almaz did not contain any intimation of misbehavior on the part of the officers or crew.

The Naval Battle.

London, June 10.—The Tokio correspondent of the Times in an account of the naval battle in the Straits of Korea, says:

"Admiral Togo entered the arena with the best fighting material of his own squadron, four battleships and the Admiral Kamimura's squadron of six cruisers Nishin and Kasuga and Vice armored cruisers, Togo steaming fourteen and Kamimura 16 knots. The Russians opened fire at 12,000 metres. It was wholly ineffectual. The Japanese reserved their fire until within 7,500 metres, when they fired six trial shots and scored three hits. The battle then became general. The Russians perpetually essayed to force their way northward but the Japanese as constantly headed them back, so the Russian course described a loop, their ships filing past the Japanese, who poured in a deadly fire from three directions. The Rusisans maintained much the higher rate of fire but their aim was bad and ineffectual. His squadrons of torpedo boats rushed from three quarters, reserving their missiles till within 300 metres, and making practice so deadly that it redeemed all previous failures.

The Tokio correspondent of the Daily Telegraph says that some of the Japanese torpedo boats destroyers which were chasing the Russian cruiser Izumrud were ordered back, the Japanese allowing the ship to escape.

At Seat of War.

Tokio, June 9.—9:30 A. M—.—Army headquarters has given out the following:

A detachment of our forces which advances from Lianshuichnan, two miles east of Chenchengtsu, dislodging one company of foot and fifty horse of the enemy, June 7 occupied an eminence east of Chapengan and four miles northeast of Chenchengtsu. At 6 o'clock on the same morning the enemy attempted an attack on Soufangtae. All attacks were repulsed."

FOR UTLEY'S PARDON.

Attorneys Appeared Before Governor Yesterday—The Reasons Urged.

(Special Star Correspondence.)

Raleigh, N. C., June 9.—Governor Glenn gave special hearing to-day to advocates of a pardon for Ed. Utley, serving twenty years in the penitentiary for killing Mr. Hollingsworth, night clerk at the Hotel LaFayette, at Fayetteville, two years ago. A. S. Hall and George M. Rose, of Fayetteville, appeared as attorneys in the interest of Utley, and there were with them H. Lutterloh, Utley's uncle, Mrs. Lutterloh, Mrs. John D. MacRae and others. The pardon is being urged on the ground that at the time of the shooting Utley was so intoxicated he did not know what he was doing; furthermore that his mind was never strong and there is newly discovered evidence tending to show that at the time Utley fired the fatal shot, Hollingsworth was pointing a revolver at him, this weapon having been found under the dead man after the shooting. The governor has the case under advisement.

KENTUCKY ASSASSINATION.

Young Doctor Murdered by Friends of Man He Killed.

By Wire to The Morning Star.

Louisville, Ky, June 9.—A special from Falmouth, Ky., says:

Dr. Edwards Courtney, a young physician and member of one of the best families in this section, has been assassinated near the village of Neave. Courtney formed a partnership with Dr. William Karney at Leitchfield two years ago. During the partnership Dr. Karney was shot and killed. Since the occurrence there has been a feud in the neighborhood. Karney was a young man of great popularity belonging to all the secret societies and when he was killed, these societies took up the case and have been forcing a fight on the Courtneys. Dr. Courtney was under a $10,000 bond on the charge of killing Karney. The sheriff of Bracken county and his deputies are hastening to the scene to prevent further disturbance. The adherents of the two factions met in Falmouth last Monday and nearly created a riot. The Courtneys claim to know who did the shooting last night.

PEACE PROPOSAL BY MR. ROOSEVELT

Identical Note Sent by President to Russian and Japanese Governments

BOTH URGED TO CEASE WAR

Suggested That Peace Negotiations Be Conducted Directly and Exclusively By Belligerents—Move Welcome to Rusia and Japan.

By Wire to The Morning Star.

Washington, June 9.—An identical note, the text of which, by authority of the President, was made public late tonight at the White House by Secretary Loeb, has been forwarded to the governments of Russia and Japan by President Roosevelt. In the interest of humanity the President urges the warring nations to conclude peace. It is suggested by the President that the negotiations for peace be conducted "directly and exclusively" between the belligerent nations. The President's note indicates his belief that an intermediary may not be necessary to effect conclusive negotiations, but likewise expresses the President's willingness to do all that he properly may do to promote the preliminary arrangements for a time and place of the meeting of representatives of the Russian and Japanese governments. The following is the text of the dispatch as given out:

"On June 8th the following dispatch was sent by the President, through diplomatic channels, to the Japanese and Russian governments:

"The President feels that the time has come when in the interests of all mankind he must endeavor to see if it is not possible to bring to an end the terrible and lamentable conflict now being waged. With both Russia and Japan the United States has inherited ties of riendship and good will. It hopes for the prosperity and welfare of each, and it feels that the progress of the world is set back by the war between these two great nations. The President accordingly urges the Russian and Japanese governments not only for their own sakes, but in the interest of the wohle civilized world, to open direct negotiations for peace with one another. The President suggests that these peace negotiations be conducted directly and exclusively between the belligerents; in other words that there may be a meeting of Russian and Japanese plenipotentiaries or delegates without any intermediary, in order to see if it is not possible for these representatives of the two powers to agree to terms of peace. The President earnestly asked that the (Russian) (Japanese) government do now agree to such a meeting and is asking the (Japanese) (Russian) government likewise to agree. While the President does not feel that an intermediary should be called in, in respect to the peace negotiations themselves, he is entirely willing to do what he properly can if the two powers concerned feel that his services will be of aid in arranging the preliminaries as to the time and place of meeting. But if even these preliminaries can be arranged directly between the two powers, or in any other way, the President will be glad, as his sole purpose is to bring about a meeting which the whole civilized world will pray may result in peace."

The foregoing note was forwarded to the Russian and Japanese governments yesterday afternoon. It is rendered especially significant by the fact that it was prepared and sent only after assurances had been received both from Tokio and St. Petersburg that such a proposition would be welcomed. While both Count Cassini, the Russian ambassador, and Minister Takahira, of Japan, were cognizant of the nature of the note, it was not sent to their respective governments through them. It was cabled by direction of the President to St. Petersburg and to Tokio and then delivered directly to the Russian and Japanese governments respectively by Ambassador Meyer and Minister Griscom.

A formal reply to the note may not be received for several days, but as already made clear, informal assurances that it would be welcomed already are at hand. In view of the significant character of the document and of the attitude toward it which both Russia and Japan have assumed, it is regarded, in official and diplomatic circles as the first firm and decisive step toward ultimate peace.

When President Roosevelt left Washington today on a two day's trip to Virginia, he was confident that the result of the international negotiations for peace in the Far East had been successful and that the final blow in the Russo-Japanese war had been struck. So near are the two warring powers to amicable contact at this moment that in all Washington circles official and diplomatic pessimism has given way to notable optimism.

Minister Leaves Washington.

Washington, June 9. Mr. A. Grip, who has been here since 1889 as minister from Norway and Sweden, and who is a Norwegian, has engaged steamer passage for next Tuesday. He is returning home to personally learn the situation. When he called at the State Department to take leave of the officials he had not made up his mind as to his future course of action.

Preparing Russian Republic for Peace.

St. Petersburg, June 9.—6:10 P. M.—A council of ministers presided over by the emperor in person was held at Tsarkoe Selo to-day to discuss the situation. Grand Duke Michael, who has arrived here from Berlin, is believed to bear a personal message from Emperor William advising the conclusion of peace.

St. Petersburg, June 9.—11:35 A. M.—The government is plainly preparing the public for the announcement that the Emperor has decided to conclude peace and that the negotiations have begun by permitting the publication of all the foreign dispatches bearing on the subject. It can be assumed that there will be no further bloodshed in Manchuria until the belligerents have decided it is now possible to agree on peace terms.

Outlook Favorable.

St. Petersburg, June 9.—6:15 P. M.—Ambassador Meyer was in constant communication with Washington today. No hitch has occurred and the outlook continues favorable to peace. As to peace plenipotentiaries the name of George DeStaal who preceded Count Bendenoff as Russian ambassador at London, and who was president of the peace conference at The Hague in 1899, at once occurs to every Russian.

President Schurman, of Cornell University, Utica, U. Y., has received from William J. Bryan a check for $400 being a part of $10,000 left by the late Philo Sherman Bennett of Connecticut, to be divided among 25 colleges. The money is to be invested and the interest used to furnish a prize for the best essay on "The Principles of Free Government."

SECRETARY PAUL MORTON CHAIRMAN OF EQUITABLE

President Alexander and Vice President Hyde Have Resigned—Solution of Troubles of Society.

By Wire to the Morning Star.

New York, June 9.—Paul Morton, who retires from the Secretaryship of the Navy, on July 1st, was today elected chairman of the Board of Directors of the Equitable Life Assurance Society. His election marks the first and most important step in the reorganization of the society and was followed by the tender of the resignations of President James W. Alexander, Vice President James H. Hyde, Second Vice President Gage E. Tabrell, Third Vice President George T. Wilson, and Fourth Vice President William McMcIntyre. Mr. Morton, as explained by Senator Chauncey M. Depew, was the unanimous choice of the Board of Directors of the Equitable, although the meeting was not altogether harmonious.

The new chairman, to further quote Senator Depew, did not consent to take office until he had received positive assurances that he would have a "free hand as to measures and men."

Mr. Hyde "divested" himself of the majority control but retains a substantial interest in the society.

All of the resignation submitted to the meeting are subject to the pleasure of Chairman Morton and none has yet been accepted.

The interests to which Mr. Hyde disposed of his stock number some two score individuals, led by Thomas F. Ryan, vice president of the Morton Trust Company, which has close relations with the Mutual Life Insurance Company, one of the Equitable Society's principal rivals.

The men requested to hold the majority stock by Mr. Ryan are former President Grover Cleveland, George Westinghouse, of Pittsburg, and Morgan J. O'Brien, recently elevated to the chief justiceship of the appellate division of the Supreme Court of this district.

Concerning the purchase of the disposition of it Thomas F. Ryan, said:

"In connection with some other policy holders who, like myself, never have had any relations with the Equitable except as policy holders, I have purchased from Mr. Hyde a majority of the stock of that society. We have made this purchase for the sake of putting an end to the present unfortunate condition of the company's affairs not only in the interest of the policy holders but for the general business interests of the entire country. We purpose, upon receiving the stock, to immediately divest ourselves of all voting power and accomplish in substance and effect the plan of mutualization already approved by the superintendent of insurance."

The selection of Mr. Morton in the opinion of those who have followed events is in the nature of a compromise and a victory for the Hyde faction. In any event the outcome was seemingly a surprise to some of the members of the so-called Alexander forces.

Mr. Morton left the Equitable building by a private exit and went to the Morton Trust Company where he was closeted with Mr. Ryan and several others including Mr. Untermyer. Mr. Morton declined to discuss the meeting except to say that he had relinquished the position as chief of the Metropolitan Traction Company and its proposed subway extension and that he had accepted the Equitable chairmanship.

Mr. Morton's election is believed to mean the solution of the controversy which began between the Hyde and Alexander factions in the Equitable Society some six months ago and which became publicly known in February of this year.

There were charges of irregularities and gross extravagances on both sides, the fight at times waging with such bitterness as to threaten the welfare of the institution, which numbers some 600,000 policy holders, with assets in excess of $400,000,000 and a surplus estimated at $30,000,000.

DUN & CO'S. TRADE REVIEW.

Exports and Imports at New York Increased—Failures 216.

By Wire to The Morning Star.

New York, June 9.—R. G. Dun & Company's weekly Review of Trade tomorrow will say:

Although trade reports are still irregular and in many cities below expectations, there has been improvement in response to higher temperature and less rain. Manufacturing activity is fully maintained in textile fabrics and there is an enormous output of iron and steel, despite some reduction from last month's record-breaking rate of production. Building operations are large and materials in excellent demand.

Foreign commerce for the last week at this port shows a splendid gain compared with 1904, imports increasing $3,137,944 and exports gaining $1,470,305.

Textile manufacturers are in a strong position, buyers gradually appreciating the changed situation. There is little speculative buying, but more disposition to provide for future requirements. Prices are very firm.

Failures this week in the United States were 216 against 198 last week; 211 the preceding week, and 227 the corresponding week last year.

Failures in Canada numbered 20 against 29 last week, 19 the preceeding week and 20 last year.

Treasurer—J. Irvin Steel, Ashland, Pa.

Indianapolis was chosen as the place of meeting in 1906.

The convention adjourned this afternoon.

THE CALEB POWERS CASE.

Affidavits Filed by Postmaster General Cortelyou and Others.

By Wire to the Morning Star.

Maysville, Ky., June 9.—Affidavits in the Caleb Powers case have been filed in the Federal Court from former Governor W. S. Taylor former Postmatser General Charles Emory Smith, former Attorney General John W. Griggs and Postmaster General Cortelyou, showing that Taylor was recognized as governor of Kentucky by the national administration. The affidavits were filed to show that Governor Taylor's pardon to Powers was valid. The case was concluded today when District Attorney Hill finished his reply to the speech of C. J. Bronston last night. Judge Cochran reserved decision.

WILL AVOID WAR AT ANY COST

King Oscar Has Called Extraordinary Meeting of the Swedish Rigsdag

NORWEGIAN COLORS HOISTED

Great Demonstration by 30,000 People of Norway—Believed Norwegians Will Ultimately Establish Republic—Russia and Germany.

By Cable to The Morning Star.

Copenhagen, June 9.—All hope that King Oscar or Crown Prince Gustave will yield to the request of the Norwegian Storthing to place a prince of the House of Bernadotte on the throne of Norway, has now disappeared, according to a high authority. The Danish royal family has also set the stamp of disapproval on the acceptance of the throne by a Danish Prince.

It is understood that arrangements are actually being made for a national convention in Norway and this, it is believed will inevitably result in the declaration of a republic.

According to well informed persons here, Russia and Germany wil refuse to recognize the Norkegian government until King Oscar consents to the disruption of the union. Strong efforts are being made to secure similar action by other governments, including that of Denmark, and it is stated that these efforts are meeting with encouragement.

The Norwegian press and people, according to advices received here, remain singularly undemonstrative. Premier Michelsen wants no demonstrations and today refused to permit a large procession of Christians in approval of the action of the Strothing. In refusing the Premier said: "It is too early to claim a victory which has not yet been definitely gained. Our most serious difficulties are probably ahead."

Thousands of telegrams from all parts of the world are pouring in on Premier Michelsen and the Storthing many of them coming from the United States and South Africa.

King Oscar is quoted as saying that he would avoid war at any cost. Officials here say that the King and the Crown Prince had been fully prepared for the action of the Storthing by Premier Michelsen, who informed them prior to his majesty's veto of the consular bill as to what steps Norway intended to take.

Norwegian Colors Hoisted.

Christiania, June 9.—Norwegian tricolor was hoisted to-day over Akershus fort and throughout the country in place of the union flag. The substitution was attended by great ceremony at the fort where the members of the Storthing and 30,000 of the public were assembled. The garrison was paraded in front of the quarters of the commandant of the fort, and the commandant read the resolutions of the Storthing dissolving the union with Sweden.

Swedish Rigsdag Called.

Stockholm, Sweden, June 9.—King Oscar decided at a meeting of the Council of State to-day to summon the Riksdag for an extraordinary session June 30th. The Crown Prince was present at the sitting which had before it the resolution of the Norwegian Storthing which the premier denounced as revolutionary.

The resignations of the ministers of Sweden and Norway at Copenhagen, Rome and Madrid were tendered by telegraph and accepted.

YELLOW FEVER ON ISTHMUS.

There Have Been 86 Cases and 30 Deaths.

By Wire to The Morning Star.

Washington, June 9.—The Bureau of Insula Affairs has made an abstract of the Complication of yellow fever cases on the Isthmus sent by Governor Magoon which shows a total of 86 cases and 30 deaths on the Isthmus up to May 23 last. This embraces the following:

In Panama 61 cases and 19 deaths; in Colon, 14 cases and 5 deaths; and to and from foreign ports, 11 cases and 6 deaths.

Major J. R. Kean, of the Surgeon General's office, who recently returned from the Isthmus expressed confidence that when the sanitary work projected by Colonel Gorgas has been concluded and the waterworks system has been put in operation yellow fever can be stamped out and malarial fever controlled.

COTTON REPORT INQUIRY.

Statistician Holmes Suspended During Investigation.

By Wire to The Morning Star.

Washington, June 9.—E. S. Holmes, Jr., associate statistician for the Department of Agriculture has asked to be suspended from duyt during the investigation of charges against him or irregularity in the compiliation and publication of the last cotton report. This request has been granted. The investigation of the charges made by Richard Chaetham secretary of the Southern Cotton Growers' Association is now underway. Secretary Wilson has determined not to disclose the names of the experts who will conduct the examination of the statistician's office.

SUIT AGAINST SOUTHERN.

Effort to Take South Carolina Railroad Away From Lessee.

By Wire to The Morning Star.

Charleston, S. C., June 9.—Suit was filed in the United States circuit court here today on behalf of H. H. Cummings, of Augusta, Ga., asking that the Southern Railway be restrained from operating the South Carolina and Georgia Railroad and that a receiver for the latter property be appointed and the road sold at public auction. The suit is based upon the alleged conflict of the Southern Railway's operation of the South Carolina and Georgia with the anti-trust laws of the United States, it being held that the operation of the road is in restraint of trade. The case will be heard before Judge Pritchard sitting at Ashville on June 26th.

LAWYER A. T. PATRICK MUST GO TO THE CHAIR

New York Court of Appeals Affirms Lower Court Adjudging Him Guilty of Murder.

By Wire to The Morning Star.

Albany, N. Y., June 9.—The Court of Appeals today by a divided count, voting four to three, sustained the lower courts in adjudging Albert T. Patrick, the New York lawyer, guilty of murder in the first degree, causing the death of William Marsh Rice, an aged millionaire, formerly a resident of Texas. On April 7, 1902, Patrick was convicted on an indictment charging him with the murder of Rice by chloroform and mercury, administered to him during his sickness on September 23, 1900. The case reached the Court of Appeals on March 14th of this year.

Patrick has succeeded in postponing the ultimate decision of his fate for over three years by a display of acumen and resourcefulness that has excited the wonder of the members of the bar and the public at large. The opinion of the court was written by Judge Gray. He sets forth that "it was not claimed that Patrick personally committed the murder, for the prosecution had the voluntary confession of Jones that it was he who did it, induced and aided thereto by Patrick; but the defendant was a principal in the commission of the crime, under our law, if he aided and abetted it, whether present or absent."

After a review of the evidence Judge Gray holds that "the jury might well find upon evidence that the death was not the result of natural causes, and that it could only be accounted for as having happened in the way testified to by Jones; that is, by chloroform poisoning administered while the victim was sleeping."

In conclusion Judge Gray said that "the evidence independently of the testimony of the accomplice, is fraught with a crushing implication of the defendant in the deliberate purpose to kill Rice in order that he might possess his estate.

The dissenting judges hold that material errors were permitted in the trial and that important evidence in Patrick's behalf was improperly excluded. Judge O'Brien opinion holds that it was not proved and cannot be proved that Rice was living when the chloroform was applied to his face and that "no one thought of choloroform as the agency of the death until Jones had made his fourth and last confession, after recanting three others that were shown to be false."

"In all the records of this court," says Judge O'Brien, no case can be found where a conviction for a capital offence has been sustained in the face of such objections as this case presents. I can see no reason for making this case an exception."

Patrick Kept in Ignorance.

Patrick will not know until tomorrow of the affirmation by the Court of Appeals.

Ossining, N. Y., June 9.—Albert T. Patrick heard of his conviction. The announcement of the court's action did not reach Sing Sing prison today until after the death cells were locked for the night.

THE RUSSIAN SITUATION.

Boldness of the Zemstvos Strikes Government Dumb.

By Cable to The Morning Star.

St. Petersburg, June 10.—The municipality of St. Petersburg has decided to give its adhesion to the address to Emperor Nicholas, adopted by the all-Russian Congress at Moscow, and has appointed a number of its members to join the deputation from the Moscow Congress, which will present the address to the Emperor.

Moscow is now a perfect hot-bed of protest against the existing regime, and the address which the deputation from the all-Russian Zemstvo Congress held there has brought to St. Petersburg to present to the Emperor has fairly stunned the members of the government.

St. Petersburg, June 9.—6:40 P. M.—The Moscow meeting of Zemtvoists and Mayors has only temporarily adjourned to await the Emperor's answer to the deputation despatched to him with an address demanding the immediate convocation of a national assembly.

Moscow, June 9.—Police with drawn swords charged a mob of two thousand workmen here yesterday, wounding many of them. The workmen refused to disperse when ordered and the police fired blank revolver shots at them. The mob stood firm whereupon the police charged and scattered it. There were no further disturbances.

Queer Fads of Smokers.

"Men who can afford to smoke really good cigars have more fads than other men you will meet in a day's walk," said a Broadway manufacturer who makes a good many cigars to order for his customers. "I know men who throw a cigar away the moment the ashes fall off. They believe the taste of it is ruined then. For such customers I make very close rolled cigars.

"Other customers like a cigar rolled so light that the ashes float off of their own accord. They like the red fire. Many men will never relight a cigar after it has gone out. Nothing could induce them to. Others relight a cigar five or six times before they discard it. Needless to say, they do not get the best of a good cigar.

"I have one customer who has a special brand of after dinner cigars made for him. They cost him $1 each net and are of medium size. It is his invariable habit to keep the cigar between his teeth half an hour before lighting it. His guests may light up with the coffee, but he never does. He likes to inhale the fragrance of the tobacco—to become permeated with it, so to speak—before he lights up. Then the cigar lasts him precisely one hour."—New York Times.
